SUSTAINABLE FROM THE START

- Our packaging is **FSC certified, recycled** and **recyclable**
- **Designed to ship** without the need for useless plastic sleeves
- Interactive packaging that tells the brand and product mission.
- Customisable

OUR HERO PRODUCT & AWARDS

Made from **insulated stainless steel** and **recycled ocean bound plastic**.

Designed in Norway by award winning **K8 Industridesign**, developing the bottle from user insight all the way to our **award winning** final product.

Recycled ocean-bound plastic base

MORE THAN JUST A BOTTLE

Value add benefits

- Each Ocean Bottle funds the collection of **1000 ocean-bound plastic bottles** in weight & improves social mobility
- Receive **collector** stories and **content**
- Company plastic collection **impact certificate**
- **Co-founder talks** or panel for your audience
- **PR support** with messaging and communications
- **Branding opportunity** on merchandise
- Each Ocean Bottle is entirely **carbon neutral**, offsetting **4.88kg of carbon** (per unit sold)

SOCIAL IMPACT

We work with individuals all over the world, wherever plastic pollution is worst, to stop the flow at its source.

Collectors exchange plastic for **money** and get access to **social resources** such as **healthcare, education, mental health support** and **financial security**

All enabled by our network of plastic collection partners.

Why choose the Circular&Co. Reusable Cup?

The award-winning Circular reusable cup, made using recycled single-use paper cups, is 100% recyclable and completely leakproof for the perfect combination of premium functionality and sustainability.

360° Drinking
One-hand, One-click Opening

100% Leakproof
Designed for 10 Year Lifespan

100% Silicone Free
Made from 6 single-use paper cups

Insulated Layers
No need for silicone band
or wasteful sleeve

Recycled
Content

10 Year
Lifespan

100%
Recyclable

MADE FROM WASTE, TO END WASTE.

We believe that Circular Design can save the world.

Circular Design is a workable solution at a time when the world desperately needs solutions. We create products made with recycled materials, designed to last and fully recyclable. We work to a simple yet immensely challenging rule of 100-10-100. Any product created can only be justified if it's trying to or helping to achieve 100% recycled content, designed for at least 10 years use and then 100% recyclable at the end of its useful life.

1.  Make from recycled materials.
2.  Design to last.
3.  Ensure 100% recyclable.

the Future is Circular.

Circular Impact

Assumptions: Single-use paper cups weighing 20g.
x6 single-use paper cups used to make each Circular Cup

We've diverted over
313,500 kilograms
away from landfill and into
the Circular Economy.

We've helped bring
Circularity to 28
different countries.

We transform
**18 single-use
cups per minute**
into longer lasting reusables.

Through our Circular Cups
we've introduced over
2.6 million people
globally to the world of
Circular Design.

We've recycled and transformed
over
**15.5 million
single-use cups**
into Circular&Co. Reusables

Circular&Co Reusable Cups Branded & Bespoke

Are you looking for a sustainable and beautiful option to showcase your brand and commitment to the circular economy? We work with brands and businesses from across industry sectors to create bespoke branded cups. We offer a range of printing options depending on the look and feel you require.

Our most popular and cost-effective option is the highly durable, single-colour printing. We can print on either one or both sides of your reusable. We can also offer more customised options, including full-colour, full-wrap designs, Pantone matched lids and tailored outer labels.

Talk to us about minimum order quantities and any specific requirements.

BIO BOTTLES MADE IN THE NETHERLANDS

Tacx

BIO BOTTLES MADE IN THE NETHERLANDS

Tacx Are you looking for a bottle fully made of biodegradable materials? Then the Bio-Bottle of Tacx is a great choice. It stands out because the plastic of the bottle is biodegradable. Adding a small amount of bio-material changes the molecular structure so the material finally breaks up in biogas and biomass. This feeds the soil and it's completely absorbed by nature. The process of disintegration starts when the bottle ends up at a microbiological environment (compost heap, waste disposal).

THE END OF GREENWASHING

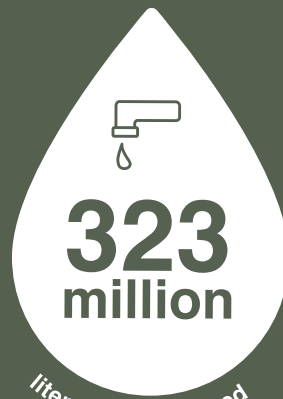

TRANSPARENCY, TRACEABILITY, AND GENUINE SUSTAINABLE IMPACT

We believe true sustainability can only be achieved when there is transparency and traceability. Without genuine proof of the use of recycled materials in a product, all sustainability claims can be considered greenwashing. Our CHANGE Collection aims to end greenwashing and lead our industry in a new direction.

CHANGE.

SERIOUS SUSTAINABILITY

DESIGN & SUSTAINABILITY

CHANGE Collection is all about design, sustainability & giving back. All recycled fabrics, plastics, and materials used in this collection are 100% certified by the Global Recycled Standard (GRS) and Recycled Claim Standard (RCS).

3% of sales from our CHANGE Collection are donated to Water.org to help provide water-stressed communities around the world with lifetime access to safe water & sanitation.

DWXd 731 - Black DWXd 732 - White DWXd 733 - Blue

This simplistic designed stainless steel tumbler is not only aesthetically beautiful but is also protected with Biomaster, an Anti-Microbial agent that provides a second line of defence against harmful bacteria. The body and lid are both treated and it's IN the product, not ON the product which will give you permanent protection. This product is tested in accordance with ISO 22196 for Anti-Microbial effectiveness. Biomaster does not affect the recyclability of the item. The product also includes Verimaster a unique tracer that is built into the material to prove that the item is treated with Biomaster. With closable lid. PP inner, stainless steel outer. Capacity 250ml. BPA free.
