The Simple Match of Colors Shows Outstanding Ideas

It adopts a solid color design, with chocolate/matcha as the main color, supplemented by the state of chocolate melting, the visual effect is bright and vivid, symbolizing the ultimate comfortable enjoyment, and highlighting the brand's values of ingenuity/sincerity/sharing/inclusiveness.

Environmentally Friendly Material Contributes to Sustainable Development

The main material used in the notebook cover is an environmentally friendly one: environmentally friendly leather/ tactile PU with good chemical resistance, which is non-toxic, odorless, fold-resistant, scratch-resistant, and degradable, meeting environmental protection requirements, and conform to the concept of sustainable development, green and environmentally friendly.

- **Non-toxic**
- **Odorless**
- **Fold-resistant**
- **Scratch-resistant**
- **Degradable**

A Cultural & Artistic Notebook with An Ingenious Design Concept

ChocoNote is a cultural & artistic notebook with an ingenious design concept, whose Slogan is "I am not chocolate". Following the brand attitude of "being low-key and working with dedication", expertly combined the form of chocolate with the handbook, giving chocolate a new definition and form of existence, realising the cross-border combination of food and cultural creation, and creating a sweet-themed cultural and artistic product with a unique shape. Using a special die-cutting process, combined with tin foil wrapping paper, it is like a chocolate that has been secretly bitten, witty and diverting. Furthermore, the notebook cover is made of degradable recycled leather (cocoa type) and tactile PU (matcha type), endowing it a comfortable hand feel.
